

# Md. Fahim Hossain Abir - Portfolio

## Introduction/Objective

I am Md. Fahim Hossain Abir, currently studying in the Computer Science and Engineering department at Mymensingh Engineering College. I am passionate about software development and web technologies, and I am eager to apply my skills in real-world projects. I am looking for opportunities where I can grow my expertise and contribute to meaningful projects.

## Skills

- Programming Languages: C, C++, Python
- Web Development: HTML, CSS, JavaScript, Django
- Database Management: MySQL

## Projects

I have worked on several projects during my studies, applying my knowledge of programming and web development. Below are some of the key projects I have developed:

1. **Library Management System** - A Django-based web application for managing library operations, including book inventory, user management, and transaction tracking.
2. **Personal Portfolio Website** - A static website built with HTML, CSS, and JavaScript to showcase my projects and skills.
3. **E-commerce Platform** - A full-stack web application developed using Django for managing products, users, and orders, with integration for payment processing.

## Education

- **Mymensingh Engineering College**

Bachelor of Science in Computer Science and Engineering

(Expected Graduation: 2025)
